HMS Distance Learning Update for Families - Feedback

Sunday, March 29, 2020

Dear HMS Families,

Thank you for supporting your children throughout their distance learning experiences. We appreciate your understanding during this time. HMS teachers will be providing more consistent feedback to students and parents through a variety of manners beginning Monday, March 30, 2020. Possibilities include: email (individual/group), Google Classroom/Docs/Forms, phone calls, scans, photos, etc. Each teacher will let their families know, via a post on the Distance Learning Website or email/phone call, what works best for their specific students/classes.

Classroom teachers have identified specific items from the Distance Learning Packets/Websites that they will review starting March 30, 2020. Please check the teacher’s Distance Learning Website for the items that will be collected for feedback as well as the options for how these items can be submitted (see possibilities list in the first paragraph). The designated assignments and due dates will be highlighted on the teachers’ Distance Learning Websites. There will be three items assessed weekly. Please understand those different classroom teachers may provide feedback in varied ways, on varied items. Please communicate directly with your child’s teacher if you have questions.

Again, we thank you for your ongoing support and patience as we develop and refine Distance Learning for our HMS students and their families. We are working on improving our Distance Learning plan because we know how important it is to provide focused lessons and assignments for your children and to provide you with the flexibility that you need at home. This community has been amazing in its support of one another. Hooksett is a wonderful place to be! As always, please feel free to reach out to me if you have any issues that I can support you with.

Be Well!

Steve Harrises
HMS Principal
