

Colibri Fundraiser

MES is excited to be running our first **online** fundraiser with Colibri Canada from September 22 - October 5, 2020.

Colibri is a Manitoba based company which provides a variety of reusable household products including **snack bags, wet bags, straws and masks**. These items can help reduce the amount of waste we produce with single use plastics and also help keep us safe with the use of masks and provide a washable bag to store them in.

All items are tested and certified to ensure that they meet FDA and Health Canada standards for food safety.

Orders can be placed online at www.colibrifundraising.com.

Simply select Mitchell Elementary School at checkout.

We are not asking students to go door-to-door.

Please pass this information on to family and friends via phone/text or email to help make our fundraiser a success!

Orders will be delivered to the school approximately 2 - 3 weeks after the fundraiser ends on October 5th and will be labelled with each student's information.

This school fundraiser will assist Mitchell Elementary with various projects and special events during the 2020/2021 school year.

Prizes will be awarded for the top 3 sellers in the school:

First place: Razor Scooter

Second Place: Playmobil/Lego Prize Package
A combination of fun Playmobil and Lego Sets

Third Place: Family Games Night Prize Package
Board Games, Popcorn, Candy
